Dear Mark

Stunning, sensational, brilliant, exceptional, amazing, incredible and awesome are just some of the words used by our guests and us to describe Coast. Thank you so, so much for making our party a night to remember. We haven't danced so much in ages and to see the dance floor so packed was fantastic. I can fully appreciate why my friend had no hesitation in recommending you and likewise we will do the same.

Thank you very much indeed for staying to the end and for the encore especially as the weather forecast had been so grim. We hope that you all got back home safely. If we find any pictures of the band and the crowded dance floor I will send them to you.

We wish you every success in the future - you are a superb band.

with very best wishes

Caz, Fee, Jill, Marianne and Nicki
